Summary	Oxygen resuscitation equipment servicing arrangements for clubs
---------	---

SLSCC has arranged, on behalf of clubs, the annual service and preventative maintenance of Oxygen resuscitation.

Clubs are requested:

- Clean obvious sand, dirt and corrosion from the oxy equipment
- Ensure SurfGuard records are correct for all equipment delivered
- Include valves and reservoirs (no consumables)
- **Label ALL Oxy Vivas** and removable components with club name

Costs and Invoices:

- Central Coast Council funding agreement will pay servicing costs of \$150 per club assuming the council agreement is approved
- Clubs will be contacted for approval of any additional costs.
- Clubs that miss the above deadlines will be responsible for servicing their own equipment.

Dates:

27 July 2018	Council will provide Oxy Viva units, drop off to First Aid room, for southern clubs. Ensure a full oxygen bottle is ready in the First Aid room.
30 July 2018	Final day for clubs to drop Oxy Vivas at SLSCC HQ, Tuggerah
1 Aug 2018	Clubs pick up Oxy Vivas from SLSCC HQ, Tuggerah
3 Aug 2018	Council will collect Oxy Viva units from the First Aid room in southern clubs.

Note: Terrigal and Shelly Beach units do not need to be brought into Branch as they will be serviced on site along with council's oxy viva on 26 July 2018.

Please contact Julie-Ann on 4353 0299 or support@slscc.com.au for further information

Kind Regards

Brett Beswick
Director of Lifesaving
