SLSCC carnival committee continues to assess conditions for this weekend and at this stage is unable to confirm location for Sundays Surf Life Saving Central Coast Newcastle Permanent Junior Branch Age Championships due to weather conditions.

Whilst the scheduled location is Avoca SLSC, the safety of our competitors, committee, officials and families is of utmost importance and cannot be compromised.

A decision will be made tomorrow and it is envisaged that the final location will be advised early afternoon. We will communicate at our first available opportunity via memo and social media.
