Summary	SLSCC are conducting a series of public Rip Education events during the Christmas School Holidays at the Central Coasts busiest beaches.
Action	Please confirm via return email availability.

Rips are currently the number one cause of drowning death along the Australian coastline. In an attempt to raise awareness of the dangerous of rips and educate the beach going community, SLSCC are conducting a series of public Rip Education events during the Christmas School Holidays.

GENERAL INFORMATION

The organising of the Community Rip Awareness Demonstrations will fall under the management of SLSCC and delivered on the day as a team between the Branch and host club, under the guidance of the demonstration facilitators Graham Johnson and Nicci Stephenson in conjunction with the patrols on the day. Two rookies per club would be required also to be involved.

The following schedule of dates and locations is suggested to obtain the best possible opportunity to engage our local and visiting communities.
