Summary	This circular outlines the process of SLSCC recruiting a “Carnival Support Team” for the upcoming surf sports season.
Action	Clubs are asked to circulate circular to suitable members or any individuals who may be interested in offering support to clubs hosting carnivals during the 2023/24 Surf Sport Season. Members are to fill out an EOI at Carnival Support Team (jotform.com)

SLSCC is putting together a “Carnival Support Team” to help with the branch wide delivery of Surf Sports Carnivals held at our local beaches. It has been identified that many clubs are reluctant to host carnivals due to them not having the “people power” or skills to effectively run a carnival. The team will be called upon to assist with getting each carnival underway and operating smoothly.

The team will consist of volunteer roles such as:

- Can Setters (IRB Driver and Crew) – individuals proficient or willing to learn the skills required to effectively lay cans for a carnival;
- PA System Expert – an individual who can physically set up and commence operation of the PA system at each carnival or has the willingness to learn to do so;
- General Set Up Positions – individuals willing to assist with physical tasks such as laying a sprint track, raking a flag pit and effectively setting up each competition are.

EOI

At this stage, SLSCC are asking for an EOI from any interested members. Filling out the EOI is not a commitment to a role. SLSCC will be in contact to discuss the role further.

To give an EOI, please fill out the form at this link: [Carnival Support Team \(jotform.com\)](https://jotform.com)
